

Message to customer

I welcome you to Laxmi Construction Company's website!

We have created this company on the four pillars of hard work, integrity, adaptability and pursuing excellence. Over the years since our inception, starting with core business in Fabrication and Erection of structural, Laxmi Construction Company has diversified into areas like Industrial Piping, Installation of Equipments, Conveyor System, Boiler, Installation of Fire Protection System, Instrumentation and Electrical, Column Internals, Civil work (Pipe support, Switchyard etc.). In process we have contributed to the infrastructure requirements of India.

Laxmi Construction Company with its professionally managed group of technology innovator and engineers, is an emerging leader in Engineering and Construction segment in India. We have executed various project works since 1997 and have established a strong reputation within our markets for executing large complex projects and for providing turnkey solutions to our clients. Laxmi Construction Company's approach and methodology towards project management and its Streamlined, cost-effective, state-of-the-art systems & processes have helped the company to deliver projects on time and within budget, while adhering to strict quality control and safety measures meeting the strict expectation of customers.

The values followed at Laxmi Construction Company have its genesis in the firm belief of the founder of the company Mr. Ajay Kumar Singh. The aim has always been to contribute in the development of our society and surrounding, with environment friendly, world class, high quality Engineering and Constructions solutions. For this, we are dedicated to excellence & follow high ethical standards.

Ideas, Knowledge, energy, resources & risk taking are our drivers. We are high performing team. We always develop people with "CAN DO" Attitude and build strong intellectual property by hiring and nurturing the best people in the industry.

We at Laxmi Construction Company believe in "INNOVATION" that is coming up with new thoughts to maintain our long term & win-win relationship with our customers, while focusing on Execution Excellence.

Our recent expansion into newer geographies reinforces our aim to become a truly global player in the Engineering and Construction space. As a company we are committed to the social and economic progress of the geography we enter in.

India's growth in the coming decade will be marked with huge development and investment in our segments of interest. We are well positioned to capture a sizable portion of the pie and make substantial contribution to the nation's development.

We look forward to being of service to you.

-Mr. Dibakar Kumar
(Proprietor)
